FOREWORD

If we have filled this book with the gleam of youth and maintained the treasured memories of the swiftly moving events of the 1963-1964 school year in Winters High School, then we, the staff of this year's "Glacier" have fulfilled our aim.

The "Glacier" which was ours for so long now is yours. When the final section was mailed to the printer the long afternoons of hard work that we claimed so jealously and secretively since September are now over.

We hope this yearbook will be well remembered for many years to come. It will be outstanding in beauty, delight to look through, fond memories brought to mind, or as a valuable and useful source of information. One can look up "Old So-and-So" who sat behind him in Algebra, recall watching the 7th graders thumb through its pages for the very first time with anxious zest, or "She was my English teacher; wasn't she pretty then?", also "Here's that cute boy in my plane geometry class!", or "There's the doll I've seen several times in the lunchroom. Wonder if she's going steady?", and bring to mind the most precious moments when the "Big Blue" nearly went all the way to the State finals in football.

May this annual be received exactly in the same attitude, spirit, and enthusiasm with which it is submitted.

It is our honor to proudly present to you your 1964 "Glacier" yearbook.

Miss Mattie Cooke

During the course of life a person comes in contact with many wonderful people. In every community there are those who seem to rise above others. Some excel in achievements; some, in wisdom; and a few gain fame because of riches. Then there are those we remember for their over-flowing personality and the influence they have in helping us on our way.

The math department of WHS has been blessed with just such a person. She has helped make our math department one of the best. All who have passed her way will remember how she mixed humor with math making her classes most enjoyable. She has a way and has a special interest in you as a person as well as a student.

We, the members of the 1963-64 GLACIER Staff, are happy at this opportunity to express our deepest appreciation to a most outstanding faculty member of W.H.S. in dedicating this 1963-64 edition of the GLACIER to MISS MATTIE COOKE. May you have many hours of pleasant memories from the pages that follow.

The image features a light gray, woven-texture background. A series of bold, black geometric lines and shapes are overlaid. A thick black line runs diagonally from the top left towards the bottom. Another thick black line runs horizontally across the middle. A large, black, trapezoidal shape is positioned in the center-right, containing a white rectangular box. Inside this white box, the word "EDUCATORS" is written in bold, black, sans-serif capital letters. Below this main composition, there is a smaller, black-outlined trapezoid.

EDUCATORS

Superintendent

To The Class of 1964:

The education that is yours is based upon the philosophy that each student in the Winters School should have the opportunity to develop physically, mentally, socially, economically, morally, and spiritually to his maximum capacity.

The education that is yours has been a result of the effort expended over the past years by you, your family, your community and your school. As a representative of Winters High School, I congratulate you upon your past achievements and remind you of the responsibilities that are now yours. These responsibilities are the same attributes you have demonstrated in your school career--loyalty, dependability, honesty, integrity, and a desire to excel.

I wish for each of you success and happiness and the hope that your life will be successful, happy, and of benefit to your fellow man. "Congratulations"

Sincerely,

James B. Nevins

Principal

Winters High School has enjoyed remarkable success this past year. The success has been through the efforts of the student body and faculty and for your efforts I am privileged to say "thank you."

As you look through the pages of this yearbook I sincerely hope that it will bring to you pleasant memories and will be an encouragement to you to improve and to perpetuate both the performance and reputation of Winters High School.

May I suggest that you accept as your personal motto the thoughts expressed in two lines of the school song, "To laud your glories to the sky" and We'll never fail, never fail. It is through your continued endeavors that this school will be praised and will not fail.

Sincerely,

Robert F. Christian

The background is a light gray with a fine, woven texture. A thick black line runs diagonally from the top left towards the bottom left. Another thick black line runs horizontally across the middle of the page. A large, solid black trapezoidal shape is positioned on the right side, with its top edge aligned with the horizontal line. Inside this black shape is a white rectangular box containing the word "SNAPSHOTS". Below the main horizontal line, there is a smaller, black-outlined trapezoidal shape.

After the Haskell football game the council sponsored a homecoming tea for all Winters High School exes. In the above picture four exes are shown and the other four girls are S. C. members. Approximately one hundred fifty people attended. The group decided to make the tea an annual affair. They elected Mr. B. B. Bedford as president.

Three Student Council Projects

Among several projects that the Student Council promotes each year are these three. The first two were started for the first time this year and show much success for future years.

Ann and Steve were elected by the faculty as the Boy and Girl for the month of November. There were sixteen outstanding boys and girls in all for a period of eight months. This is one of the new projects.

This is a picture showing four council members serving Coaches Wilson and Cunningham during the coke party the night before school began.

Cheerleaders are chosen by popular vote in the spring of each year. One cheerleader is elected from each class with two being selected from the senior class. The senior girl receiving the most votes shall be designated head cheerleader.

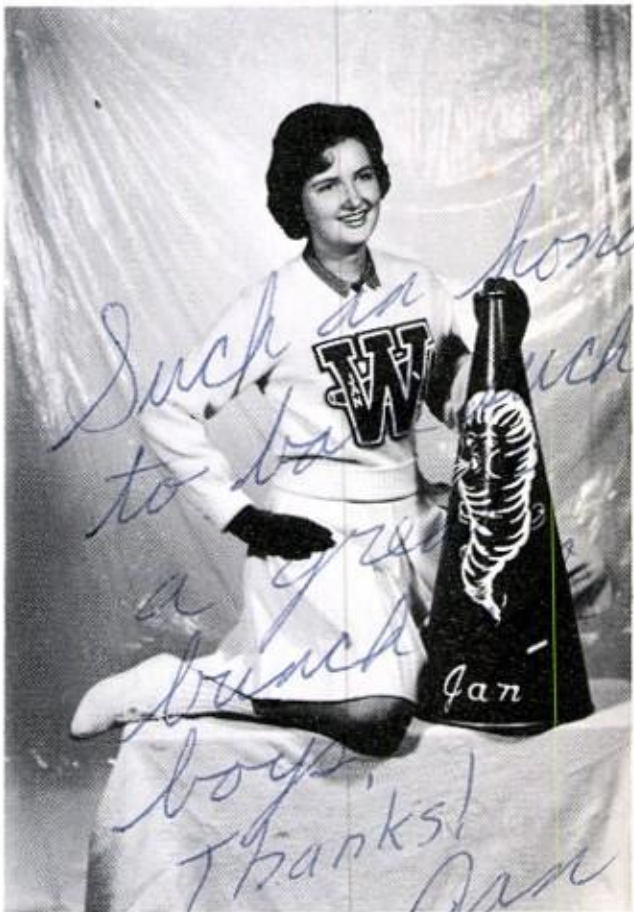

These five girls work hard in leading the student cheering section at all sports events. They contribute much to raising school spirit necessary for a winning ball club.

Suppose one of the most helpful men in your town was
 an old friend of yours, interested in your financial
 future and always ready to help you with advice and
 counsel. Suppose he was even willing to lend you
 money to help you build that future and lend it at

There's not much doubt that this kind of "financial

Dear Andy,
This year has really boomed
up, hasn't it? It doesn't seem
possible that we're almost seniors
now! I've had a blast being
in History with you! And I like
your hair - do too! You are a
wonderful MYF Pres. & a credit
to your school.
Best wishes in the future.
Always your friend,
Shirley Heath

Dear Andy,

Here it is almost summertime again and one more year is behind us. It really has been a fun year, hasn't it? The football games were great and you did a wonderful job helping the Blizzards this year. Let's make next year an even better one.

Andy, we've really had some fun times since I've met you. Remember all the pizza parties and everything. They were great! Even the New Year's Eve party when the car wouldn't start. I really had lots of fun dating you last year and I'm so very glad that we are still good friends. I want you to know that I value our friendship a great deal and I hope that it lasts and lasts.

You've been a real help this year with Ivan, too. I just don't see how I could have talked to him the other night if you hadn't helped me, and it really meant a lot ^{to me} to talk to him.

Don't worry about Bobbie Sue 'cause I'm sure everything will work out fine with you two. She's a really nice girl and you will make a darling couple, so don't worry. We've had lots of fun the few times we double-dated and I hope there will be more fun.

May God bless and keep you always,

Love you,
Joyce

Andy,
I think you are a real sweet boy and I have really enjoyed being around you this summer and school year. You are a wonderful guy and possess and precious personality. I will forget all the good times we have had these nights, (and days). I finally learned how to drive a standard car! Believe it or not. I just wish you all the luck in the world to a very deserving boy and Good luck with Bobbie Sue. Stay as nice as you are and never lose your friendly smile.

Love Ya!
Suzanne Parker

Dearest Andy,

Five months ago, if anyone had even hinted that I would have dated someone for this long, steadily, I would have laughed in their face. I didn't think anyone could be pleasing to me for so long. Well, you changed all of that. Andy, you are by far the only boy I would consider dating for a lengthy time. It's really amazing how you always know ^{what} to say and what to do. I'm really surprised that you've been able to tolerate my moods. I don't really mean to be disagreeable like I am, I guess I'm just different. I've always wondered how I would express my feelings for you. Now, since I have a chance, I don't know where to begin. I know that you are probably tired of hearing this, but I like a change every once in a while. You're the only boy that has enjoyment to offer everytime I see you. This hasn't expressed anything at all. I've only told you this once, and you're the only one I've told, and I've never written this before. The only way to express my feelings is to say "I Love You." I really mean what I have just written. With that statement, you probably have doubts concerning my recent actions. I hate to place the blame on my parents, but that's the reason. As you know, my parents disapprove of steady dating. It's really strange, you're the only boy I've ever dated that Daddy hasn't run down. In fact, he's actually praising you. Even with that attitude, other dates are required, I haven't accepted many dates, because you seem to ruin everyone else. That's terrible! Mother has often told me I would probably never find anyone to top you (in her estimation). Well I agree - this sounds ^(juvenile) ~~juvenile~~ but -

RESERVED (Bobbie)

"Andy, your tops!"

You know, with Karen and Barbara and Jan as pre-occupied as they were at the convention, we had just that much more time together. Just being with you ^{and} not having to worry about 11:00 was very, very enjoyable. Especially that night we were ugly and didn't stay at Mrs. Kauses party.

Jan often told me about you. Of course, because it was "big sister" advice I never paid attention to her. But the longer I'm with you, the more I think she may have been right about you.

I don't know whether or not you realize it or not but it's really something for my entire family to approve of someone. "Hell fellow, you take the cake." It really makes me proud to know that I've fallen for a boy that my family likes. (Even Sandi and

Mury!)

This summer will be torture, but as you know, "Absence makes the heart grow fonder." That's really true. This past month, when we didn't really have a date, I thought I was going to go mad. Doing what I did concerning the S. S. H. meeting was wrong, but I felt that if I didn't have a chance to kiss you and for you to hold me I would go crazy. It's really not good to feel that way, but I do.

I seem to have repeated myself all through this. I can only add a word of sincere thanks for all the glorious times you've given me. You've made my Freshman year! Andy, I sincerely end this with Love and Best Wishes from your devoted Admirer.

With Love,
Bobbie Sue

Thelma

Dear Andy,

You are one of the greatest guys I know. We have really had some good times together, haven't we? You are really one of the sweetest guys I have ever known. It seems like you are always ready to help someone with their troubles. And Joyce and I really have them, don't we.

We have really had some parties - I think we need to plan another one pretty soon. This has really been a good year. I hope next year is as much fun - but I know we will miss Jackie's Pizza that's the only thing though. Ha! Just kidding. You haven't really made this year complete without you & your English would be a even duller than ever. May you have the best of everything. (Bobbie Sue)

Love "ya",
Thelma

Dear Andy -

Well, we finally made it, didn't we? I have really had a blast this year with you and Bobbie. Our double dates were really a blast! You had better be glad you didn't go with us that Sunday! It was awful! Although the Gang is about gone we had a blast while it last! I hope we'll always be the very best of friends! Uncle Andy! you're always there when I need a shoulder to cry on! Ha! Lots of Luck always! You're the Greatest!

Love ya!

Carolyn

Andus -

You and I have been through some rugged
times together but we always come out
SAD-right! We have also had some great times
together with Smith, Stocker, and ~~Growing~~ and (afraid
the girls. Your friendship will always mean
a great deal to me. You are a great kid and
just wait till you get a car. Ha! Ha! The
Best of Luck in the remaining years of your life.
And good luck with that certain girl of yours.
